About Gothic Gin

The taste of Gothic Gin delivers distinct, clean botanicals. It takes you on a journey to Barcelona, Spain and captures the spirit of the Gothic Quarter. The bouquet conjures a lively fragrant nightlife, while the taste invites a subtle, relaxed finish.

Founder Chris Klug started traveling the world when he was nine years old. His experiences with cultures throughout the world and their approaches to food and drink led him to study viticulture, brewing, and distillation. This took him on a journey that refined his palette and began a quest to create the perfect gin. In 2017 Chris traveled to the Gothic Quarter in Barcelona, Spain where he began studying the art of making gin. It was here that the recipe for Gothic Gin was born and perfected. Every element is handpicked, handcrafted, and sourced from the finest ingredients and botanicals available. Chris' maddening attention to detail creates an exclusive ultra-premium gin experience like no other.

Gothic Gin is the World Gin Awards 2019 and 2020 Best Gold Medal winner for Contemporary Style Gin from the United States of America.

As a socially and environmentally responsible company, we at Gothic Gin, believe in protecting our planet, firmly opposing oppression, and creating a more equitable world for everyone. We are deeply passionate

about issues including, but not limited to climate justice, clean water, gender equality, anti-racism, and LGBTQ+ rights. Which is why we have pledged 5% of our profits, dedicated to philanthropic projects that align with our values.
